THAT'S ALL FOLKS!

The RED LANTERNS are a powerful legion led by Atrocitus. This rage-filled army is set on destroying Hal Jordan, as well as the rest of the Green Lantern Corps and the Guardians. The Red Lanterns rule through fear, intimidation and violence. Once a world falls under Red Lantern control, all freedom is crushed, and all hope is extinguished.

ATROCITUS

ATROCITUS is the unofficial leader of the Red Lanterns. Atrocitus blames the Guardians for the devastation of his home sector, the Forgotten Zone. He will stop at nothing to destroy the Green Lantern Corps and the only thing standing in his way is Hal Jordan and the crew of the Interceptor.

SHARD

Home base of the Red Lanterns, Shard is where the Red Lanterns return to recharge their rings. This imposing, mobile sliver of rock and city is all that is left of Atrocitus' former homeworld Ysmalt and has now become the home base and symbol of Red Lantern Power. Shard is extremely well fortified and has the deadly ability to unleash Planet Killers, giant bombs capable of destroying entire worlds.

RAZER

A former member of the brutal Red Lanterns, Razer is the unlikeliest new member of the Interceptor's crew. Razer is trying to make amends for his past misdeeds, while serving Atrocitus. But first he'll have to tame his own savage nature.

ZILLUS ZOX

ZILLUS ZOX is Atrocitus's right-hand man. Behind his flattery and seeming loyalty, Zox is also a cunning schemer, and his toadying is really a cover for achieving his own evil goals. Atrocitus foolishly underestimates him.
